

MOSEIA Membership Application

Benefits of Membership

Increased Advocacy – Solar industry professionals have the collective influence to advocate for improving solar related policies and participate in the regulatory process. MOSEIA’s Government Affairs team represents the Missouri solar industry at the State Capitol each session and at the court level when necessary.

Influence Policies and Priorities – Membership gives you the opportunity to make your voice heard and help steer the ship. We encourage members to be active participants on conference calls to ensure that issues across the state are being addressed.

Annual Conference and Evening Social – A members-only event and the state’s largest solar event of the year. Programming includes prominent national speakers, awards luncheon, policy updates, exhibiting sponsors and the board of directors election. This event is an excellent networking opportunity for industry professionals across the state.

News and Information – Our Industry-focused e-mail updates and social media posts inform members of policy action alerts and the latest solar PV developments. Quarterly industry data reports are provided to help members make informed business decisions.

Increased Visibility – All business memberships include listing on the MOSEIA website with your company’s logo and a link to your website. Membership in this professional industry association and combined advertising efforts will draw more visitors to your website and add credibility to your brand.
